

ANDAZ VIENNA AM BELVEDERE

In Vienna

An extra exclusive hotel – urban, unique and cosmopolitan with a local flair. Andaz Vienna Am Belvedere impresses with timeless elegance and surprising innovations. Enjoy an especially luxurious TOTO experience here. Located directly on the large green area – Schweizergarten (Arsenal), Botanic Garden, and Schlossgarten Belvedere, the Andaz adds an international element to the newly constructed Belvedere neighbourhood.

It provides its many guests from around the world an ideal starting point to embrace the flair of the city. Honestly, who can resist the view over the city of Vienna from the hotel’ s Skybar on the 16th floor – 60 metres in the air? “It’ s important to create a unique experience that people don’ t have every day – one that goes beyond what they have at home,” archisphere designer Elisabeth Fellner said about her project – and she’ s right in every respect. In addition to the amazing view of the city, taking in the interior design is also a delight. The hotel style is shaped by the highest quality materials, exclusive furnishings and special details, like the contemporary Austrian artwork found throughout the building.

The rooms were designed with a special focus on the bathrooms. The designers chose a variety of TOTO products for the bathrooms in both the guest rooms and public areas. Around 350 classic TOTO toilets, numerous automatic faucets, urinals and hand dryers were installed throughout the hotel. Guests staying in the luxurious suites will enjoy a special TOTO experience: All of the suites are equipped with WASHLET shower toilets, which offer the characteristic warm water spray and a number of other hygiene and comfort features. Get ready to enjoy this wonderfully exclusive hotel.
