In Saint Louis, Missouri

Located in the heart of downtown Saint Louis, Hotel Saint Louis embodies the spirit of the city for which it is named. From building architect Louis Sullivan to Tina Turner, from Adolphus Busch to Andy Cohen, St. Louis is a city where individuals make their mark. Inspired by a new generation of tastemakers, Hotel Saint Louis provides the best environment where guests create remarkable experiences uniquely their own.

As the first Marriott Autograph Collection property in the city, Hotel Saint Louis offers 140 rooms, including 52 suites. The hotel is perfect for both business and leisure travelers alike. With its proximity to the Saint Louis Convention Center, Gateway Arch, and Busch Stadium, combined with its full-service spa and TOTO WASHLET®+ high-tech bidet toilet with warm seat and warm-water cleansing in every room, guests can expect a convenient yet luxurious experience no matter the reason for their stay.

Hotel Saint Louis revitalizes an 1893 historic landmark designed by the famed architect Louis Sullivan, considered the creator of the modern skyscraper. The building, formerly known as the Union Trust Company Building, was purchased in 2015 by Restoration Saint Louis. After a multi-million-dollar renovation by Restoration Saint Louis, the hotel opened as Hotel Saint Louis under the Marriott Autograph Collection in December of 2018. Combining the evocative style of clean lines with lush Celtic and Art Nouveau touches of natural and geometric forms, Checkmate Design has melded the past, present, and future in one original Hotel Saint Louis, a destination like no other.
