

# SHANGRI-LA QIANTAN, SHANGHAI

In Shanghai

Shangri-La Qiantan, Shanghai, is located in Qiantan Pudong. Together with Taikoo Li Qiantan and New Bund Centre, Shangri-La Qiantan, Shanghai forms a large international business district that integrates offices, retail, hotel and other functions. The area is fully equipped with supporting cultural, medical, educational, sporting, recreational and other lifestyle facilities.

Shangri-La Qiantan, Shanghai is jointly designed by renowned international design studios Ga, STACK, Takenouchi Webb and HBA. The design concept draws on elements of both Shanghainese culture and “green nature”, cleverly combining them to create a unique sensory experience. The screen doors, walls and art objects showcase traditional Shanghainese architectural elements such as Shikumen, and signature patterns create the feeling of a “home away from home” for guests. The Bar and outdoor areas on the seventh floor feature a wide, open green space. This urban oasis brings guests closer to nature, giving them a feeling of tranquility amidst the hustle and bustle of the city.

The 28-story hotel building offers a total of 585 guestrooms, most of which have a magnificent riverside view. The simple yet modern design is enhanced with thoughtful touches throughout to elevate the guest experience. Every guestroom comes with either a day bed or sofa bed, whilst 56 of the rooms offer a twin bed option to meet the needs of corporate groups and family travellers. In order to reduce plastic waste, in the future, guests will have access to a safe, convenient 24-hour drinking water system.

The hotel is equipped with the most premium TOTO bathroom products in the guestrooms and in the public restrooms. Above all, a TOTO NEOREST or TOTO WASHLET®+, a high-tech bidet toilet with warm seat and warm-water cleansing, will give every guest a spa-like experience.
